

servFaces Allround Cleaner (High-Concentrate)

servFaces Allround Cleaner (High Concentrate) is a pH-neutral, efficient and very strong cleaning product for many applications. The product provides a complete intensive and effective way to clean many surfaces, such as buildings, automobile interiors, public transport and many more.

Application Areas:

- Automobile interiors
- Flooring, Concrete, Stone & Tar
- Caravans
- Buses and Transport vans
- Boats
- Trains & Trams
- Plastics
- Industrial & Trade
- Doors and Windows
- Public Facilities
- Office complexes

Characteristics:

- Does not leave behind smearing / streaks (follow cleaning process)
- Removes stubborn dirt
- Can be used hot or cold
- Removes oil, fat and soot
- Highly concentrated
- Strong cleaning performance
- Biodegradable
- Does not develop harmful vapours or fumes during use

Application:

Spray the surface with servFaces Allround Cleaner and allow 1 – 3 minutes for the solution to work into the dirt. Using either a sponge or brush loosen the dirt, then use a microfiber cloth to remove the dirt and absorb and remove excess cleaning solution leaving behind a clean dried surface.

To clean large surface areas use between 20ml – 30ml of the product diluted with 7 Litres of water to carryout the cleaning process. Following the cleaning process ensures that a streak free surface is guaranteed.

Do not apply the product or leave to dry in direct sunlight.

Dilution:

The product can be diluted in the ratio of 1:5 to 1:300 depending on the level of contamination.

Application Temperature: +10°C to +30°C

Storage and Shelf Life: at least 12 months at room temperature sealed in its original container.

Storage Temperature: +10°C to +25°C

Always protect the product from direct sunlight and frost
