

## **servFaces Cut Polish (Micro Abrasive Paste)**

servFaces Cut Polish is a Silicone free grinding paste with specially developed high performance particles for a deeper grinding effect. Ideal for surface grinding scratched and weathered paint coatings. Perfectly suited for paint restoration that requires a deeper grind to provide a medium gloss finish. The product is suitable for all colours and paint surfaces.

### **Function:**

Cut Polish reliably removes traces of scratches and grooves created from sand paper P1000, dust particles and paint mist as well as etching caused by tree resin, bird excrement and insect residue from the painted surface.

Grinding Grade: 9 / Polish Grade: 5

### **Recommendation:**

In order to achieve an optimally ground surface result, servFaces recommends using a hard polishing sponge (servFaces Premium Polishing Sponge V1 or V2) or alternatively a lambskin pad.

**Shake the product well before use. Do not apply in direct sunlight.**

**Application Temperature:** +10°C to +30°C

**Usage:** 4 - 6ml / m<sup>2</sup>

**Storage and Shelf Life:** at least 12 months at room temperature sealed in its original container.

**Storage Temperature:** +10°C to +25°C

**Always protect the product from direct sunlight and frost.**
