

## **servFaces Finish Polish (Micro Abrasive Paste)**

servFaces Finish Polish is a silicone free professional polish for use on matt and lightly scratched painted surfaces. Special high performance grinding particles make this product also suitable for use on scratch resistant clear lacquers. The product allows for the quick removal of surface scratches providing a high-gloss and hologram free finish.

### **Function:**

Finish Polish reliably removes traces of scratches and grooves created from sand paper P2500.

Grinding Grade: 5 / Polish Grade: 7

### **Recommendation:**

In order to achieve a perfectly ground surface result, servFaces recommends using a medium hard to fine polishing sponge (servFaces Premium Polishing Sponge V1, V2 or V3).

**Shake the product well before use. Do not apply in direct sunlight.**

**Application Temperature:** +10°C to +30°C

**Usage:** 4 - 6ml / m<sup>2</sup>

**Storage and Shelf Life:** at least 12 months at room temperature sealed in its original container.

**Storage Temperature:** +10°C to +25°C

**Always protect the product from direct sunlight and frost.**
